- Proposed alternates must match dimensions, finishes, performance and design features of the products specified herein.
- Catalogs, product information and/or specifications must accompany all RFCAE's.
- Bidders/proposers whose product or service exceeds the minimum specifications herein need not submit an RFCAE. Such bidders/proposers may be required to prove they exceed these minimum specifications before being awarded a contract.

1.11 Disadvantaged Business Enterprise (DBE)

This contractor shall not discriminate on the basis of race, color national origin, or sex in the performance of this Contract. The Contractor shall carry out applicable requirements of 49 C.F.R. Part 26 in the award and administration of this DOT-assisted contract. Failure by the Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as LAKETRAN deems appropriate. Each subcontract the Contractor signs with a subcontractor must include the assurance in this

paragraph (see 49 C.F.R. 26.13(b)).

This Contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs. Any sub-contracting opportunities related to this contract are subject to DBE regulations. Contractors must make a good-faith effort to engage with DBE subcontractors.

LAKETRAN's overall goal for DBE participation is 5%.

- Contractors who do not meet the DBE goal for this project shall be prepared to demonstrate their good faith efforts.
- DBE's must be registered by the Ohio Department of Transportation. The Ohio DBE directory and forms are available at:
<http://www.dot.state.oh.us/Divisions/ODI/SDBE/Pages/DBE-Directory.aspx>.
- The firms eligible for inclusion in the contractor's DBE plan must be certified under the classification code associated with the particular work scope that the firm is assigned to perform on this project prior to bid submission or the determination of best and final offer in an RFP process.
- The Contractor is required to pay its subcontractors performing work related to this Contract for satisfactory performance of that work no later than 30 days after the Contractor's receipt of payment from that work from Laketran.
- The Contractor must promptly notify Laketran whenever a DBE subcontractor performing work related to this Contract is terminated or fails to complete its work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. The Contractor may not terminate any DBE subcontractor and perform that work through its own forces or those of an affiliate without prior written consent of Laketran.
- Should you have any questions regarding the DBE Program, please contact Andrea Aaby, aaaby@laketran.com.

1.11.1 Counting DBE Participation

When a DBE participates in a contract, you count only the value of the work actually performed by the DBE toward DBE goals.

Count the entire amount of that portion of a construction contract (or other contract not covered by Paragraph (B)(2) of this section) that is performed by the DBE's own forces. Include the cost of supplies and materials obtained by the DBE for the work of the contract, including supplies purchased or equipment leased by the DBE (except supplies and equipment the DBE subcontractor purchases or leases from the prime contractor its affiliate).

Count the entire amount of fees or commissions charged by a DBE firm for providing a bona fide service, such as professional, technical, consultant, or managerial services, or for providing bonds or insurance specifically required for the performance of a DOT-assisted contract, toward DBE goals, provided you determine the fee to be reasonable and not excessive as compared with fees customarily allowed for similar services.

When a DBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward DBE goals only if the DBE subcontractor is itself a DBE. Work that a DBE subcontracts to a non-DBE firm does not count toward DBE goals.

1.12 Buy America Certification

Not Required.

Should a proposer find a discrepancy in or omissions from these specifications, or should he/she be in doubt as to their meaning, he/she shall at once make inquiry of LAKETRAN.

1.19 Withdrawal of Proposal

No proposal will be allowed to be withdrawn after it has been opened by LAKETRAN.

1.21 Rejection or Acceptance of Proposal

LAKETRAN reserves the right to accept or reject any or all proposals, and any parts of any proposal. In awarding a contract, LAKETRAN reserves the right to consider all elements entering into the question of determining the responsibility of the Proposer. Any proposal which is incomplete, conditional, obscure, or which contains additions not called for, or irregularities of any kind, may be cause for rejection of the proposal. In case of any discrepancy between the price written in the proposal and that given in figures for any item, the price in writing will be considered as the proposal price.

1.22 Unacceptable Proposals

No proposal will be accepted from or contract awarded to any person, firm, or corporation that is in arrears or is in default to LAKETRAN upon any debt or contract, or that is a defaulter as surety or otherwise upon any obligation to said LAKETRAN or has failed to perform faithfully any previous contract with LAKETRAN.

Not Required.

1.25 Right to Verify Proposal - Single Proposal (IFB only, Contracts > \$100,000)

LAKETRAN shall verify proposals. In the event of a single proposal response, this solicitation

will be automatically converted to a negotiated purchase which shall require the Contractor/Proposer to negotiate a fair and equitable price. LAKETRAN retains the right to request certifiable cost analysis data which the Proposer must provide. LAKETRAN reserves the right to negotiate an adjustment in Proposer's price if warranted by said analysis. FTA review of a single proposal may be required and will automatically extend the time proposals shall be good.

1.31 Cost of Preparation

All costs incurred by any Proposer prior to notice-to-proceed will not be reimbursed by LAKETRAN.

1.32 Additional Information, Rejection

LAKETRAN reserves the right to request additional information from any Proposer, or none. It also reserves the right to reject any and all proposals without prior notice; to waive informalities and technicalities; to extend deadlines without notice; to negotiate directly with only those respondents deemed to be qualified according to the criteria on this RFP; and to enter into one,

more than one, or no contracts as it shall deem to be in its best interests.

1.33 Terminology

The terms "proposal", "Invitation for Proposal", "IFB", "proposal", "Request for Proposals", "RFP", "bidder", "proposer", "contractor" and the like are used interchangeably throughout this IFB/RFP. Similarly, the terms "LAKETRAN", "buyer", "purchaser" and "Authority" are used interchangeably. All terms, including "his" and "his/her", are used in a gender-neutral manner.

1.34 Late Proposals

Proposals received by LAKETRAN after the exact time set for receipt in Section 1.2 above are considered "late". Late proposals will be considered only if received before contract award, and the following objective, bona fide proof is submitted showing reason or cause for delay as follows:

1. It was sent by registered or certified mail not later than 5 calendar days before the proposal receipt date specified;
2. It was sent by mail and it is determined by LAKETRAN that the late receipt was due solely to mishandling by LAKETRAN after receipt; or
3. It was sent by an overnight express service not later than 5:00 PM at the place of mailing 1 working day prior to the date specified for receipt of proposals and is marked for delivery by next business morning. The term "working days" excludes weekends and holidays.

The only acceptable evidence to establish the date of mailing by registered or certified mail is a U.S. or Canadian postmark both on the envelope or wrapper and on the original receipt from the U.S. or Canadian Postal Service. Both must show a legible date or it shall be deemed to have been mailed late.

The only acceptable evidence to establish the time of receipt at the Buyer's facility is the time/date stamp of such facility on the proposal wrapper or other documentary evidence of receipt maintained by the facility.

The only acceptable evidence to establish the date of mailing by an overnight express service is the date entered by the receiving clerk on the label.

1.35 Protests

It is the policy of LAKETRAN to prepare specifications for requests for proposals that are not discriminatory in nature. All solicitations are to be open and free to all competing vendors whereby all have a reasonable chance to be successful and be awarded a contract.

If a vendor feels that a particular solicitation is unfair for whatever reasons, the following

procedure must be followed to register a proper protest and said procedure shall be a part of all solicitations:

STEP 1 - Protest must be made in writing and addressed to the General Manager no later than (1) three days before the scheduled proposal due date, (2) three days after the proposal opening, or (3) three days after contract award, as applicable. Such protest must cite what the solicitation was for, and for what reason the protest is lodged.

STEP 2 - The General Manager shall make all reasonable attempts to resolve the protest prior to the proposal opening or award of a contract, as applicable, and reserves the right to reschedule same if -at his discretion - deemed necessary. The General Manager must make his decision no later than ten (10) working days from date the protest is lodged.

STEP - If the protest is not satisfactorily resolved at Step 2, the person or firm making the protest may request a hearing with his legal counsel and LAKETRAN, with LAKETRAN's legal counsel serving as arbitrator on the matter. Request for such a hearing must be made within 15 working days of the original date the protest was filed.

The decision at Step 3 shall be final and binding on all parties.

If the vendor believes that LAKETRAN did not follow the above process, he/she may appeal to the Federal Transit Administration (FTA) as follows:

Office of Program Management
Federal Transit Administration
Suite 320
200 West Adams Street
Chicago, IL 60606
(312) 353-2789

The Federal Transit Administration will hear appeals only where a local protest procedure does not exist or where the local procedure was not followed.

1.36 Addenda to RFP

LAKETRAN reserves the right to amend the RFP at any time. Any amendments to the RFP shall be described in written addenda. Notification of the addenda also will be distributed to all prospective Proposers officially known to have received the RFP. Failure of any prospective Proposer to receive the notification or addenda shall not relieve the Proposer from any obligation under the RFP therein. All addenda issued shall become part of the RFP. Prospective Proposers shall acknowledge the receipt of each individual addendum in their Proposals on the form Acknowledgement of Addenda. Failure to acknowledge in the Proposal receipt of addenda may at the Agency's sole option disqualify the Proposal.

1.37 Notice of Commencement

Not Required.

ATTACHMENT H - DISADVANTAGED BUSINESS ENTERPRISE (DBE) PROGRAM INFORMATION FOR BIDDERS

The only eligible source of Disadvantage Business Enterprise firms is the ODOT Unified Certification Program DBE directory:

<https://www.dot.state.oh.us/Divisions/ODI/SDBE/Pages/DBE-Directory.aspx>

DBE Program Purpose:

The DBE program is a federal program operating under the guidance of the United States Department of Transportation (U.S. DOT). Authorization for the program comes from 49 Code of Federal Regulations Part 26 (49 CFR 26).

The overall goal of the DBE program is to ensure that firms owned and controlled by minorities, women, and other socially and economically disadvantaged persons have the opportunity to grow and become self-sufficient in order to create a level playing field on which they can compete fairly for contracts and subcontracts in the transportation industry.

Laketrans recognizes certifications only from the Ohio Department of Transportation Unified Certification Program (UCP).

Laketrans has set a 5.17 % DBE participation goal for this contract.

If a DBE goal has been established for this contract, all proposers/bidders must submit the following with their proposals/bids:

Enclosure 1 – Schedule of Subcontractors

Enclosure 2 – Declaration of Proposed DBE Utilization

Enclosure 3 – Affidavit of DBE Intent to Perform as a Subcontractor/Supplier/Consultant

Enclosure 4 – DBE Subcontractor/Consultant Good Faith Effort Log

LEGAL NOTICE:

Use of false, fraudulent or deceitful statements, representations or information by a prime contractor or subcontractor in furtherance of satisfying LAKETRAN's DBE Program requirements or objectives may subject the prime contractor, the subcontractor, or both to legal action pursuant to 49 CFR Part 26, including but not limited to 49 CFR 26.107, in addition to any other legal remedies available to LAKETRAN under the contract or pursuant to applicable law.

Laketrans Contact Person:

If you are in need of assistance, or have questions regarding LAKETRAN's DBE Program, please contact: Laketrans DBE Liaison Officer at 555 Lakeshore Blvd., Painesville Twp., OH 44077 or aaaby@laketrans.com.

COMMONLY USED TERMS:

Disadvantaged Business Enterprise (DBE) - A Disadvantaged Business Enterprise or DBE is defined as a for-profit small business concern that:

1. Is at least fifty-one percent (51%) owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which fifty-one percent (51%) of the stock is owned by one or more such individuals; and
2. Whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.
3. By definition, socially and economically disadvantaged individuals are those citizens of the United States, or lawfully admitted permanent residents, who:
4. Have an individual personal net worth, excluding the value of their primary residence and assets of the firm applying for DBE certification, not exceeding the personal net worth standards as established by 49 CFR § 26.67;
5. Are women or members of minority groups designated in 49 CFR § 26.5 and 26.67, including individuals who are Black Americans, Hispanic, Asian Pacific, Asian Indian, or Native American; or,
6. Are individuals who, although not a woman or a member of one of the designated minority groups, establish social and economic disadvantage based on guidelines established in Appendix E to 49 CFR Part 26.

Commercially Useful Function

In order for the work of a DBE firm to be counted toward the contract goals of a specific project, for which a DBE participation goal has been established, the DBE firm(s) must perform a Commercially Useful Function §26.55(c). A DBE performs a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved with the DBE's employees. With respect to materials and supplies used on the contract, the DBE must also be responsible for negotiating price, determining quality and quantity, ordering the materials, and installing (where applicable) and paying for the materials itself. It is the responsibility of BOTH the prime contractor and the DBE firm to ensure that the DBE firm(s) committed to the project performs a commercially useful function.

1. A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation.
2. If a DBE does not perform or exercise responsibility for at least thirty percent (30%) of the total cost of its contract with its own workforce, or the DBE subcontracts a greater portion of the work of a contract than would be expected on the basis of normal industry practice for the type of work involved, it is presumed that the DBE is not performing a commercially useful function.
3. Failure of a DBE(s) to perform a commercially useful function will result in that work NOT being counted toward the prime contractor's DBE goal. Use of false, fraudulent or deceitful statements, representations or information by a prime contractor or subcontractor in furtherance of satisfying LAKETRAN's DBE Program requirements or objectives may subject the prime contractor, the subcontractor, or both to legal action pursuant to 49 CFR Part 26, including but not limited to 49 CFR § 26.107, in addition to any other legal remedies available to LAKETRAN under the contract or pursuant to applicable law.

LAKETRAN DBE PROGRAM POLICY STATEMENT
Objectives/Policy Statement

Laketrans has established a Disadvantaged Business Enterprise (DBE) program in accordance with regulations of the U.S. Department of Transportation (DOT), 49 CFR Part 26. Laketrans has received Federal financial assistance from the Department of Transportation, and as a condition of receiving this assistance, Laketrans has signed an assurance that it will comply with 49 CFR Part 26.

It is the policy of Laketrans to ensure that Disadvantaged Business Enterprises, as defined in 49 CFR part 26, have an equal opportunity to receive and participate in DOT-assisted contracts. It is also our policy:

1. To ensure nondiscrimination in the award and administration of DOT assisted contracts;
2. To create a level playing field on which DBEs can compete fairly for DOT assisted contracts;
3. To ensure that the DBE Program is narrowly tailored in accordance with applicable law;
4. To ensure that only firms that fully meet 49 CFR Part 26 eligibility standards are permitted to participate as DBEs;
5. To help remove barriers to the participation of DBEs in DOT assisted contracts; and
6. To assist the development of firms that can compete successfully in the market place outside the DBE Program.

Andrea Aaby has been delegated as the DBE Liaison Officer. In that capacity, Andrea Aaby is responsible for implementing all aspects of the DBE program. Implementation of the DBE program is accorded the same priority as compliance with all other legal obligations incurred by Laketrans in its financial assistance agreements with the Department of Transportation.

Laketrans has disseminated this policy statement to the Laketrans Board of Trustees and all of the components of our organization. We have distributed this statement to DBE and non-DBE business communities that perform work for us on DOT-assisted contracts by publishing an ad in the local newspaper and posting it on our website.

DISADVANTAGED BUSINESS ENTERPRISE (DBE) PROGRAM INFORMATION FOR BIDDERS

DBE Certification / Ohio Unified Certification Program (UCP)

In accordance with federal regulations, Disadvantaged Business Enterprises must have a current certification status with the State of Ohio Unified Certification Program (Ohio UCP), which is administered by the Ohio Department of Transportation (ODOT). For purposes of LAKETRAN's bidding procedures, a valid DBE certification MUST be in place at the time of bid/proposal submission.

The UCP's certification of any firm is effective for three years after the date of an approved application. To obtain an updated listing of certified DBE firms or to download an application for DBE certification, please visit the Ohio UCP website at <http://www.dot.state.oh.us/Divisions/ODI/SDBE/Pages/UCP.aspx>.

For questions related to certification, website issues, and other general DBE program concerns, please contact the Ohio Department of Transportation DBE Program, 1980 West Broad Street, Columbus, OH 43223 or call the program office at (614) 466-2878 or email dot.sdbe@dot.ohio.gov.

Counting DBE Participation

In order to receive credit for the participation of a DBE firm(s), the prime contractor must use DBE firms certified by the Ohio Unified Certification Program (OH UCP), which is administered by the Ohio Department of Transportation (ODOT) or similar public entity certifying DBE's in accordance with 49 CFR 26, unless otherwise noted in the contract specifications.

- DBE Credit Will Be Counted Only For Work Performed By A Certified DBE Firm(s).
- When a DBE participates in a contract, you count only the value of the work actually performed by the DBE toward DBE goals.

DBE Prime Contractor

As a DBE prime contractor, the DBE firm must also comply with the good faith efforts requirements of 49 CFR Part 26. As a DBE prime contractor, count the entire value of the work to be performed by the DBE's own forces, as well as the work that they commit to being performed by DBE subcontractors.

- DBE bidders on prime contracts will be expected to make the same outreach efforts as other bidders and to document good faith efforts in situations where they do not fully meet contract goals.

DBE Subcontractor

Count 100% of the amount paid to a DBE contractor for labor and materials provided to perform a defined and clearly measurable portion of the contract. The work must be performed by the DBE's own employees and the DBE must order and pay for all supplies and materials.

- Count the entire amount of that portion of a construction contract (or another type of contract, such as professional, technical, consultant, or managerial services contracts or other DOT-assisted contract), that is performed by the DBE's own forces. Include the cost of supplies and materials obtained by the DBE for the work of the contract, including supplies purchased or equipment leased by the DBE (except supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate).
- Count the entire amount of fees or commissions charged by a DBE firm for providing a bona fide service, such as professional, technical, consultant, or managerial services, or for providing bonds insurance specifically required for the performance of a DOT-assisted contract, toward DBE goals, provided you determine the fee to be reasonable and not excessive as compared with fees customarily allowed for similar services.
- When a DBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward DBE goals only if the DBE's subcontractor is itself a DBE. Work that a DBE subcontracts to a non-DBE firm does not count toward DBE goals.
- When a DBE performs as a participant in a joint venture, count a portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the DBE performs with its own forces toward DBE goals.
- DBE Broker – Count one hundred percent (100%) of the fee or commission received by the DBE for assistance in the procurement of materials and supplies, or fees or transportation charges for the delivery of materials or supplies to the job site. A DBE broker is a DBE firm that does not manufacture products or supply goods on a regular basis.

DBE Manufacturer

- Count one hundred percent (100%) of the value paid for materials furnished which becomes a permanent part of the project. A manufacturer is a firm that owns and operates the facilities to produce a product required by the contract and purchased by the contractor.

DBE Supplier (Regular Dealer)

- Count sixty percent (60%) of the value paid for materials and supplies furnished which becomes a permanent part of the project. A supplier sells goods to the general public and maintains an inventory at an owned or leased warehouse or store.
- A regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business.

- To be a regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question.

DBE Trucking

In order to count DBE participation for a DBE trucking company:

- The DBE must be responsible for the management and supervision of the entire trucking operation for which it is responsible on a particular contract, and there cannot be a contrived arrangement for the purpose of meeting DBE goals.
- The DBE must itself own and operate at least one fully licensed, insured, and operational truck used on the contract.
- The DBE trucking company receives credit for the total value (one hundred percent (100%)) for transportation services it provides on the Agreement, using trucks and equipment it owns or long-term leases, insures, and operates, using employees of the DBE firm.
- The DBE may lease trucks from another DBE firm, including an owner-operator who is certified as a DBE. The DBE who leases trucks from another DBE receives credit for the total value of the transportation services the lessee DBE provides on the contract.
- The DBE may also lease trucks from a non-DBE firm, including from an owner-operator. The DBE who leases trucks from a non-DBE is entitled to credit for the total value of transportation services provided by non-DBE lessees not to exceed the value of transportation services provided by DBE-owned trucks on the contract. Additional participation by non-DBE lessees receives credit only for the fee or commission it receives as a result of the lease arrangement.

Example: DBE Firm X uses two of its own trucks on a contract. It leases two trucks from DBE Firm Y and six (6) trucks from non-DBE Firm Z. DBE credit would be awarded for the total value of transportation services provided by Firm X and Firm Y, and may also be awarded for the total value of transportation services provided by four (4) of the six (6) trucks provided by Firm Z. In all, full credit would be allowed for the participation of eight (8) trucks. With respect to the other two trucks provided by Firm Z, DBE credit could be awarded only for the fees or commissions pertaining to those trucks Firm X receives as a result of the lease with Firm Z.

- For purposes of DBE trucking leases, the lease must indicate that the DBE has exclusive use and control over the truck. This does not preclude the leased truck from working for others during the term of the lease with the consent of the DBE, as long as the lease gives the DBE absolute priority for use of the leased truck. Leased trucks must display the name and identification number of the DBE.

DBE Replacement

LAKETRAN requires that prime contractors not terminate a DBE subcontractor listed on a bid/contract with a DBE contract goal without LAKETRAN's prior written consent. Prior

written consent will only be provided where there is “good cause” for termination of the DBE firm, as established by Section 26.53(f)(3) of the DBE regulation.

Before transmitting to LAKETRAN its request to terminate, the prime contractor must give notice in writing to the DBE of its intent to do so. A copy of this notice must be provided to LAKETRAN for consideration of the request to terminate. The DBE will then have five (5) days to respond and advise LAKETRAN of why it objects to the proposed termination. The five day period may be reduced if the matter is one of public necessity (ex. safety.)

In those instances where “good cause” exists to terminate a DBE’s contract, LAKETRAN will require the prime contractor to make good faith efforts to replace a DBE that is terminated or has otherwise failed to complete its work on a contract with another certified DBE, to the extent needed to meet the contract goal. LAKETRAN will require the prime contractor to notify The DBE Program Administrator immediately of the DBE’s inability or unwillingness to perform and provide reasonable documentation. In this situation, LAKETRAN will require the prime contractor to obtain LAKETRAN’s prior approval of the substitute DBE and to provide copies of new or amended subcontracts, affidavits of DBE intent to perform as a subcontractor/sub-consultant/supplier, or documentation of good faith efforts.

If the contractor fails or refuses to comply in the time specified, the Office of Supply Management may issue an order stopping all or part of payment/work until satisfactory action has been taken. If the contractor still fails to comply, Supply Management may issue a termination for default proceeding.

If the Contractor desires to change a Subcontractor or add an additional Subcontractor, the Contractor shall submit in writing to the Owner:

- The name of the new or additional subcontractor,
- A description of the Work to be performed by the new or additional subcontractor, and
- A statement concerning why it is necessary to change or add subcontractors.

In the event that the Contractor is replacing a DBE Subcontractor, the Contractor shall also submit in writing a documented explanation of the Contractor’s good-faith efforts to find a replacement DBE Subcontractor.

Good Faith Effort

Good faith effort means efforts to achieve a DBE goal or other requirement of which, by their scope, intensity, and appropriateness to the objective, can reasonably be expected to fulfill the DBE program requirements.

Joint venture

Joint venture means an association of a DBE firm and one or more other firms to carry out a single, for-profit business enterprise, for which the parties combine their property, capital, efforts, skills and knowledge, and in which the DBE is responsible for a distinct, clearly defined portion of the work of the contract and whose share in the capital contribution, control, management, risks, and profits of the joint venture are commensurate with its ownership interest.

GUIDANCE CONCERNING GOOD FAITH EFFORTS

When LAKETRAN establishes a contract goal on a contract, a bidder must, in order to be responsive, make good faith efforts to meet the established contract goal. The bidder can meet this requirement in either of two ways.

- First, the bidder can meet the goal, documenting commitments for participation by DBE firms sufficient for this purpose.
- Second, even if it doesn't meet the goal, the bidder can document adequate good faith efforts. This means that the bidder must show that it took all necessary and reasonable steps to achieve the DBE goal.
- The bidder must demonstrate that the efforts undertaken, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient DBE participation, even if the efforts were not fully successful. Efforts that are merely pro forma are not considered good faith efforts to meet the goals.

To assist bidders in making the required judgment concerning good faith efforts, the following is a list of actions bidders may consider taking in obtaining DBE participation. It is not intended to be mandatory, exclusive or exhaustive. Other factors or types of efforts may be relevant.

In evaluating bidder's good faith efforts, LAKETRAN may consider:

- Whether the bidder attended any pre-solicitation or pre-bid meetings that were scheduled by LAKETRAN;
- Whether the bidder advertised in general circulation, trade association, and minority-focused media concerning subcontracting opportunities;
- Whether the bidder provided written notice to a reasonable number of specific DBEs to determine interest in the contract being solicited, in sufficient time to allow the DBEs to participate effectively;
- Whether the bidder followed up initial solicitations of interest by contacting DBEs to determine with certainty whether the DBEs were interested;
- Whether the bidder selected portions of the work to be performed by DBEs in order to increase the likelihood of meeting the DBE goals (including where appropriate, breaking down contracts into economically feasible units to facilitate DBE participation);
- Whether the bidder provided interested DBEs with adequate information about the plans, specifications, and requirements of the contract.
- Whether the bidder negotiated in good faith with interested DBEs, not rejecting DBEs as unqualified without sound reasons based on a thorough investigation of their capabilities;
- Whether the bidder made efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance required by LAKETRAN; and
- Whether the bidder effectively used the services of available minority community organizations; minority contractors groups; local, state and Federal minority business assistance offices; and other organizations that provide assistance in the recruitment and placement of DBEs.
